Professional Summary

Civil Engineering student with a strong interest in **architectural and structural design**, skilled in **Revit, AutoCAD, SketchUp, and STAAD Pro**. Experienced in creating **2D drawings, 3D models, and building designs**, with a passion for developing practical and innovative design solutions.

Education

Government College of Engineering (IRTT), Erode *Expected Graduation: 2027*

Bachelor of Engineering – Civil **CGPA: 6.92**

Software Skills

- ✓ Revit
- ✓ Sketch Up
- ✓ Auto Cad
- ✓ Staad Pro (Basic)

Projects

Revit Architectural Design | *Revit*

- Developed detailed 3D building models with floor plans, elevations, sections, and architectural layouts.
- Created interior and exterior components to prepare professional and presentation-ready building designs.

SketchUp 3D Modelling | *SketchUp*

- Created detailed 3D models of modern buildings with interior and exterior architectural elements.
- Applied materials, furniture, and components to develop realistic architectural visualizations.

Structural Design & Analysis | *STAAD Pro*

- Developed structural models of building projects and performed basic structural analysis using STAAD Pro.
- Applied structural loads and reviewed member forces for safe and efficient structural design.

AutoCAD Drafting | *AutoCAD*

- Prepared detailed 2D architectural and structural drawings including plans, elevations, and sections.
- Used layers, dimensions, blocks, and annotation tools to create accurate construction drawings.

Internship Experience

Builtec – Chennai

- Gained practical exposure to **pile foundation works**, including pile layout, reinforcement, boring, and concreting activities.
- Assisted in **site measurements, quality checking, and monitoring pile construction activities** under site engineers.

Area Of Interest:

BIM & Architectural Modeling • 3D Visualization & Building Design • Structural Design & Analysis

Declaration:

I hereby declare that the above information is true and correct to the best of my knowledge and belief.
